

Meaningful Economics & Entrepreneurship Competition

The MEE competition allows students to acquire and apply knowledge in economics, entrepreneurship, and personal finance. The Oklahoma Council for Economic Education organizes the competition, hosted by the University of Central Oklahoma. In addition to addressing the state standards in economics/social studies, the event encourages creative and critical problem solving and thinking, teamwork and collaboration, and communication skills.

Four member teams of third, fourth, and fifth graders compete in three challenges: Team Assessment, Production and Problem Solving.

Check-In: 8:30 a.m. – 9:00 a.m. / Competition: 9:00 a.m. – 1:30 p.m.

**Team Entry Deadline (or until full):
Tulsa - Friday, Oct. 27th / OKC - Friday, Nov. 3rd**
