Luncheon

Oklahoma City Golf & Country Club

7000 NW Grand Blvd, Nichols Hills, OK 73116

Wednesday, Aug. 28, 2019

Check-In: 11:00 a.m.

Program: 11:30 a.m.– 1:00 p.m.

This luncheon gives us an opportunity to bring awareness to OCEE's mission and the need for promoting financial education in Oklahoma. When young people have the knowledge to achieve their dreams, it helps grow our economy and gives all of us a better future. There is an urgency to promote financial education in Oklahoma schools:

- Oklahoma students ages 15-18 averaged 57% on a Financial Literacy Test designed to measure participants' ability to earn, save, and grow their money.
- Our young people, ages 18-21 say debt is their biggest financial concern. Of that same age group, only 59% pay their bills on time every month.
- Severe delinquency rates for young people are significantly higher in Oklahoma than other states. Roughly half of Oklahoma 18 year-olds who have a credit account are 90 or more days behind on a payment.

RSVP with Sarah Watson at swatson16@uco.edu or (405) 974-6235 .
