

Back to School

WITH FINANCIAL LITERACY

Oklahoma Council on Economic Education
August 26, 2026 - Oklahoma City Golf and Country Club
11:30am - 1:00pm

The Oklahoma Council on Economic Education (OCEE) invites you to partner with us for the 2026 Back to School with Financial Literacy Luncheon, bringing together business leaders, educators, community partners, and policymakers who believe financial education is essential to Oklahoma's future.

Proceeds from this event support classroom resources, teacher training, and student programs that help young people build strong financial decision-making skills, economic understanding, and workforce readiness across Oklahoma.

Financial literacy continues to be a critical need for Oklahoma students and families. Through innovative programs and statewide partnerships, OCEE equips educators with meaningful, real-world resources that empower students to make informed financial choices for themselves, their families, and their communities.
